

# BRIDGING THE INTERACTIVE GATEWAY TO THE DIGITAL PARALLEL WORLD

- 50M+** Mins Streamed
- 10K+** Active Developers
- 20K+** Peak Concurrency

## A Decentralized Real-time Cloud Rendering Platform · Built on LarkXR

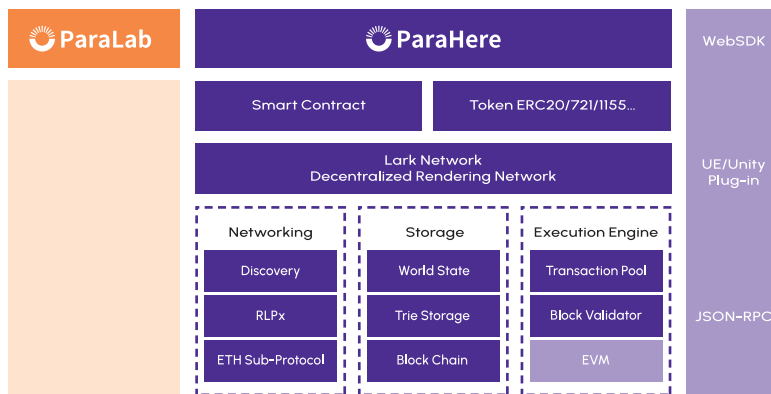

### 3D XR STREAMING AS-A-SERVICE

- Multi-GPU Resource Pooling Allocation, Utilization and Acceleration.
- Ultra-Low <30ms Latency Streaming Under Dynamic Bitrate.
- No-Code Deployment. Full Stack Repository. Rich API / SDK for 2nd Development.
- Large-scale Commercialization Support. High Concurrency. 20K+ Sessions.
- Browser Native H265. Efficient Decoding.
- Compatibility. Multi-Engine Universal Terminal. 3D Engine, Web/Applet, VR/AR/MR, Android/iOS Apps, Windows Client.

**3D Content & XR Applications at a Global Scale**  
**Truly Interactive and Immersive Experience**  
**Any Device, Anywhere, Anytime**

## 3D Asset Transaction and Circulation Platform · Built on Lark Network

### 3D XR EXCHANGING AS-A-SERVICE

- 3D Asset Minting and Ownership Verification. Protect the Uniqueness, Ownership, Transparency, and Immutability of Assets.
- NFT Authorization and Copyright Protection.
- On-chain Right Authentication and Tracking, and Off-chain Operation, Large-scale 3D Assets/Applications on the Chain Enablement.
- Multi Blockchain Network Incl Arbitrum, Polygon, Solana, and more.
- Asset Encryption and Privacy Protection.

**Redefining 3D Industry Production Landscape**  
**Building a "Co-Creation" Economic Ecosystem**

## ParaDAO Community

The fusion of Web 3.0 technology and the 3D content ecosystem unleashes the next-gen internet potential. As decentralized technology evolves, innovative and sustainable digital media and economic ecosystems emerge. Paraverse beckons the trailblazers of decentralized parallel world technology: 3D asset providers, capability providers, and application developers.

Join our ParaDAO community at <https://commonwealth.im/paradao> and be a part of shaping the future of the Web3-powered digital parallel world.

## Paraverse at a Glance

Paraverse is a leading international pioneer in the realm of digital parallel world technology. They redefine the construction and operation of parallel worlds by offering enterprises and developers a globally leading decentralized real-time cloud rendering platform and a Web3 transaction and circulation platform designed for XR applications and 3D digital assets.

# UNLEASHING YOUR CREATIVITY PROJECTS WITH DECENTRALIZED CLOUD RENDERING PLATFORM

Sign up for a **FREE LarkXR License**

The exclusive offer\* of a free LarkXR license includes:

- ✓ Free LarkXR Platform License
- ✓ Unlimited Time of Rendering Services
- ✓ Concurrency Scale - Experience Seamless Rendering Concurrency.
- ✓ Rich API and SDK for 2nd Development
- ✓ Secure & Confidential
- ✓ Unlimited Rendering Projects
- ✓ Unlimited Render Scenes  
No Limitations on #Polygons of Complexity of Your Scenes.
- ✓ No Limitation to Render 3D Content and XR Applications:  
3D Animation, 3D Model, 8K Video, 16K Images, Panoramas.
- ✓ Multiple Engines Supported:  
UE, Unity, OSG, CryEngine, Unigine, TwinMotion, Enscape and more.
- ✓ Enterprise Grade Customer Support & Technical Support

## Paraverse Partner Network PPN Igniting Ecosystem Growth Together!

Enabling Bring Your Own License to any cloud IaaS gives you the freedom to choose your preferred cloud environment.

Supporting Full-stack compatibility from GPUs to endpoint devices ensures seamless integration and optimal performance.

Connecting with all PPN Ecosystem Partners for collaborative opportunities, network expansion and ecosystem growth.

UNREAL ENGINE

Global Cloud Infra, GPUs, 5G Carriers, 3D Engines, XR Hardware Manufacturers, 3D/XR Developers, and more.

Remarks:

\*The LarkXR license supports the Bring Your Own License (BYOL) deployment approach to the cloud. The licensee is at liberty to deploy the application with the LarkXR license to any cloud environment while the cloud usage cost is not included, allowing the licensee to tailor the cloud experience according to their specific needs.
